DETAILED ACTION

Claim Objections

1. Claims 2-4 are objected to because of the following informalities: Claims 2-4 are in independent form however it appears that they should depend (in some manner) from claim 1. Appropriate correction is required.

Claim Rejections - 35 USC § 112

2. Claims 1-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1-6 are replete with errors under 35 U.S.C. 112, second paragraph too numerous to mention specifically, however, examples of such errors are as follows:

In claim 1, line 3, applicant claims "...the first hitch connection...", on line 4, the applicant claims "...the implement hitch point..." and on lines 4-5, applicant claims "...the corresponding hitch point...the receiver...". There is no prior mention of "a first hitch connection", "an

implement hitch point", "a corresponding hitch point" or "a receiver" and therefore the claimed subject matter lacks proper antecedent basis.

In claim 4, applicant claims "Any of various means...". This phrase inherently unclear in that it does not allow one to determined the metes and bounds of the claimed limitation and also may encompass features/limitations not disclosed by the specification. The lack of clarity renders the claimed subject matter indefinite.

In claim 5, line 4, applicant claims "...the vehicle frame...", on lines 4-5, applicant claims "...said vehicle mounted frame...", on line 16, applicant claims "...said hydraulic piston and cylinder..." and on line 23, applicant claims "...said hydraulic pump motor...". There is no prior mention of "a vehicle frame", "a vehicle mounted frame", "a hydraulic piston and cylinder..." or "a hydraulic pump motor and therefore the claimed subject matter lacks proper antecedent basis.

In claim 5, line 9, applicant claims "...its lower end...". There is a prior mention of several features/limitations and it may be unclear as to which feature/limitation the "its' refers. It is recommended that the "its" be replaced with "the/said(feature)".

As mention above, these are *examples* of errors under 35 U.S.C. 112, second paragraph and each claim should be revisited and revised as necessary.
